Press Release

Vandalia Christian School Earns Accreditation

Goldsboro, NC: Vandalia Christian School (VCS) has been approved for accreditation by the North Carolina Christian School Association (NCCSA) effective October 1, 2013 for a term of five years. NCCSA accreditation provides a benchmark for Christian schools which measures standards, performance, integrity, and quality. Schools engage in a voluntary process of self-evaluation against accepted best practices and educational standards. This evaluative process involved the visit of an accreditation team of Christian education professionals who scrutinized the following areas: philosophy and administration, personnel, curriculum and pedagogy, assessment, fiscal management, facility and safety, and special services. The accreditation process is designed to assist schools in achieving a standard of excellence and provides the framework for the on-going School Improvement Program (SIP) of the school.

The NCCSA accreditation protocol has been formally recognized by the North Carolina Division of Non-Public Education and is also approved by the National Council for Private School Accreditation (NCPA) through a co-accreditation agreement with the North American Christian School Accrediting Agency (NACSAA). As part of the onsite team visit, a representative of the NACSAA participated in the peer review and report writing process. As a member of the National Council for Private School Accreditation, NACSAA partners with the Middle States Association Commission on Elementary and Secondary Schools (MSA-CES) to provide co-accreditation to NCCSA member schools desiring to pursue regional accreditation.

Vandalia Christian School is located at 3919 Pleasant Garden Road, Greensboro, NC 27406. VCS currently educates students in grades PS - 12. VCS is committed to Christ-centered education with academic excellence in a nurturing environment. For more information about Vandalia Christian School, call: (336) 379-8380, or visit the school website at: <http://vandaliachristian.com/>.
